FROM THE TOP

Welcome to LSV for this afternoon's Betfred Championship game against Sheffield Eagles. It's game number 13 of the league campaign so by around 5pm this evening we will have played each one of our Championship opponents and the season will be virtually halfway through. It's amazing how quickly the last few months have flown by.

Sheffield are always tough and redoubtable opponents and in Mark Aston have a vastly talented, experienced and committed person at the helm who lives and breathes the club. Mark and me go back a long way and I well remember some of the Eagles' great days in the 1990s when he was steering them around the park from scrum half. The Challenge Cup semi-final defeat of Salford and subsequent amazing cup final victory over Wigan at Wembley in 1998 were two unforgettable occasions and Mark of course won the Lance Todd Trophy on that famous day.

I used to report for League Express on a lot of games back in those days and covered a lot of the Eagles' games and a stunning World Club Championship win over Perth Western Reds at Don Valley Stadium is another game that lingers long in the memory.

I remember too when I used to write plenty of articles and interviews for League Express's Friday paper which, when edited by the estimable Tony Hannan, was a wonderful publication and is much-missed. Eagles players like Paul Broadbent, Darren Turner, Paul Carr, Lynton Stott and Richard Price became personal friends and it was great to see the former recently with his son Blake, now part of the Eagles playing squad.

So, too, the Eagles' win at Chorley in the last ever game of rugby league played in the 1900s when Mark led from the front as the re-formed club started out all over again following the 'merger' that saw Sheffield 'merge' with Huddersfield. John Ledger, then writing in the Yorkshire Post, famously wrote that as part of the merger the 'new' club took the 'Hudders' from Huddersfield and the 'field' from Sheffield to arrive at Huddersfield.

But for Mark's unswerving bloody-mindedness the Eagles, just over a year after that Wembley win would have folded but here they are, 20 years on one of the

most respected playing teams outside the top flight and in a new home built on the footprint of Don Valley. I may be in a minority, but I loved going to Don Valley, not least for a pre-match visit to the Cocked Hat, sadly just like the stadium no longer with us.

Anyone who's visited Olympic Legacy Park will be under no illusions of the task facing Mark and the Sheffield stalwarts in establishing an infrastructure worthy of a Championship club off the field but if anyone can do it, they can. It was good to see Dick Pepper, an Eagles stalwart since Gary Hetherington formed the club in 1984, at our recent Challenge Cup game and doubtless, we shall meet up again today.

I've really enjoyed the season so far and it was great to stand behind the posts with the Leigh fans at Batley. Mount Pleasant holds special memories for my wife Janet who was two weeks overdue expecting our first child back in September 1990.

With a Leigh game at Batley looming and me not having missed a Leigh game for many years there was only one thing for it- she came with me, sat on the then grass bank at the far end and fortunately, not only did Leigh win but we got back over to the right side of the Pennines in time for Jennifer to be born in Lancashire.

Here we were 29 years on at Mount Pleasant in the sunshine and not only was Janet with me but on the very same spot where we sat all those years ago, we met up again with our great friends, the Smallshaw family whose three generations all follow the club avidly. Alan and his son David were both at that game with us in 1990. Only in rugby league could you create memories like that.

Please pardon the trip down memory lane but as I write this I am in a reflective mood as our youngest daughter Sarah is getting married on Friday, two days before the Sheffield game. If she has learnt one thing from her dad, it's not to schedule things like weddings on a day when Leigh might be playing so at least I've taught her something.

It was brilliant to meet up with so many Leigh fans at Batley and enjoy a great win in the sunshine.

The connect between the team and the fans is something really special this year and long may that continue. In such a punishing sport as Rugby League the demands on part-time players are incredible and their bravery and dedication is something to be admired.

I shared everyone's anguish when Jonny Pownall sustained that serious injury against Dewsbury and wish him and Luke Adamson- facing an operation on his broken elbow- every best wish in their recovery.

It was fantastic to learn that the injuries to Gregg McNally and Josh Woods were not as serious as first thought. I know how much our supporters appreciate the sacrifices our players- and those of every club- make for our entertainment.

Batley's a dog-friendly stadium- it could hardly be anything else with the moniker Bulldogs- so Joe Cator's dog Benji was able to come along and Jerry Lyons able to capture a photo that's gone viral on social media.

Finally, it's great to welcome Mike Clegg and his Atherton Collieries squad as our guests this afternoon. Three promotions, to level three of the non-league game is a simply outstanding achievement, reflected in Matt Lawton's excellent article in this programme. The North Stand will give them a raucous ovation at half-time which they fully deserve.

**Enjoy the game
Mike**

OURTOWNOURCLUB

COACH'S COLUMN HEAD COACH JOHN DUFFY

This afternoon we welcome Sheffield Eagles to LSV in what is our only home game during the month of May. It's always special to step out in front of the North Stand and the players will be going all out to continue our good run ahead of a two-week break.

Mark Aston has recruited really well and the Eagles have been going great so far this season. Mark's a great bloke and he knows this division and the players inside out and we know what a tough task we face this afternoon. Sheffield's improvement is mirrored across the competition. Batley have certainly moved up another level for example and look at Dewsbury, who achieved a great win at Widnes last Sunday, while York came so close to a victory in France.

The Championship gets better every year and it's a great competition with so many variables to consider, not least the different pitches and conditions you encounter over a long campaign.

That's what made our victory at Batley last Sunday so satisfying. It was a special win, the best of the season so far for us in my opinion. Batley have been playing really well and we knew what a hard game it would be, especially coming off the back of a tough Easter programme and a hard run of games.

In our preparation we spoke about effort, attitude and enthusiasm and the boys had

those qualities in abundance. Going in at half-time with a lead meant everything. We knew how hard it was defending that slope against the big Batley forwards.

Josh, Ridy and Ryan controlled the game and Ryan, on his second debut looked really classy for us. Ryan's been there and done it in his career and now he needs to get his career back on track and enjoy his rugby.

Jack Higginson's been away and got some game time in at Rochdale and he came in and produced a fantastic performance, capped by a magnificent try at the end. James Laithwaite continued his impressive return to the game and Andy Thornley filled in at centre and did a sterling job.

But it's unfair to single out individuals because it was a really impressive team performance and it was great to see the Leigh fans out in force and enjoying the sunshine.

The last home game saw us defeat Dewsbury Rams, another improved side and maybe our result now looks even better in the light of their win at Widnes six days later. I was really happy with the two points. I was really upset with Good Friday's performance at Widnes in a local derby. We had a good chat Sunday morning and ironed a few things out.

It was all about the two points. It always is on Easter Monday. I don't know when

they're going to have a think and get rid of these Easter games because it kills your season off. We lost three or four players with injuries and it always happens around Easter. It's silly asking part-time teams to play two games in four days as you invariably get injuries and we saw that with both sides having lads being seen by the doctor.

Thankfully a couple of the injuries weren't as bad as we feared but sadly Jonny Pownall's season is over after he suffered a serious knee injury late in the game, confirmed by an MRI scan. Jonny's been outstanding for us and we'll be doing all we can to support him in his recovery.

I think we have got to deal better with teams coming trying to frustrate us. That's what teams have been doing on us when they come to Leigh. Joe Cator, 80 minutes through the middle backing up after Friday was outstanding. He's a fit lad and he's been great for us and Micky (Higham) and Hoody (Liam Hood) at 6 and 7 at the end there - I don't think that's ever been seen. I'm just glad we had players at the end there.

It was fantastic from James Bentley and Iain Thornley and James Laithwaite performing like that for 80 minutes after his lay-off, superb. Jake Emmitt marking his 250th game which is a great achievement so that was special again. So, some big efforts again on Easter Monday.

Matty Costello was great too, filling at fullback after Gregg was injured early on. So, to then see him score a hat-trick for Saints against Catalans was fantastic and further proof of the mutual benefits to Saints and ourselves of the dual registration partnership.

Danny Richardson has got his Saints place back and it was nice to read his kind words about how much he enjoyed his time at Leigh earlier in the season and what a positive impact it made on him.

Hopefully the sun will be shining today, as it always is in Leigh and we'll enjoy being back at LSV playing in front of our fantastic fans. Enjoy the game, Duffy

CAPTAIN'S COLUMN

TEAM CAPTAIN MICKY HIGHAM

No matter how many games of rugby league you've played, or where in the world you've played them, nothing quite prepares you for a game at Mount Pleasant, Batley. Kevin Tamati once described the ground's name as a rare example of a Yorkshireman having a sense of humour as it's far from pleasant for a player unused to the peculiarities there.

Someone once described the pitch as a great leveller, meaning I suppose that Batley were a match for anyone on that pitch because they know it inside out. I know what they meant but in fact as we all saw on Sunday that pitch is far from level, in fact the slope seems to get bigger every year.

Quite what Luke Douglas thought about it after playing so many years in Australia he kept to himself. I don't think they have pitches like that in the NRL. But Luke simply did what he does best, rolled up his sleeves and got on with the job, as did all the lads. It was a really hard-earned and satisfying win against a Batley side that have really improved this year, as every Championship side seems to have done.

If you look at a couple of tries that Batley scored, that length of the field one before half-time and the one late on, they've got really quality in their team and so for us to go there and produce a really clinical performance, especially on the back of a tough run of fixtures, made it a happy bus going home.

The Easter period can often make or break a team's season and it's interesting

to see that the RFL are to look into the schedule in consultation with the clubs. As a player I've played Good Friday, Easter Monday and then the following weekend for 20 years and it doesn't get any easier. The risk of injury is always greater, especially in the third game because of the fatigue factor, and this year we're running with a small squad.

It was gutting that Jonny Pownall picked up a serious injury in the last home game. Jonny's been outstanding this year and has really enjoyed being back at Leigh. He faces a long recuperation and it's definitely the down side to the game when lads are injured like that. Happily, Gregg's injury wasn't as bad as first feared and Josh Woods was able to play at Batley having overcome his arm injury.

The re-signing of Ryan Brierley brought another old Leigh player back into the fold. Ryan was pleased to be back and he showed some great touches in the Batley game as well as his goal-kicking skills.

You sometimes only appreciate something when it's gone and maybe Ryan missed the buzz of playing for his local club where he built his reputation and was so loved by the fans. He's got a chance to rebuild his career and start enjoying his rugby again and I'm sure the loan will be a 'win-win' for all parties.

Talking of players coming back James Laithwaite has done remarkably to play two full games after returning to the game. James was really establishing himself at Warrington when I was there

and was an automatic pick when suddenly injury struck and he finally decided last year to give the game up. He missed the game and being part of the team environment and after training with us for a few weeks really got his appetite for the game back. He's a very good player and he's slotted in straight away.

Mind you any player that comes to Leigh will enjoy their rugby. The team spirit is second to none and there's a fantastic culture and atmosphere among the staff, players and supporters. It was great to see all the Leigh fans at Batley and their support was again outstanding. There's a real buzz about the club at the moment and everyone is working hard to ensure we enjoy a successful season.

Every game in the Betfred Championship is a tough one and the visit of Mark Aston's Sheffield Eagles this afternoon provides another tough test. Mark recruited well in the close season and he's built a really strong team that have enjoyed some great results so far. We are certainly in for a tough test but we aim to go in to a fortnight's break on the back of another good performance.

After that the games come thick and fast again, the Summer Bash, a trip to Toulouse, the start of the 1895 Cup and the visit of Halifax and Bradford before we start our run of games on the road while the pitch renovations are carried out. It's an exciting prospect and we know that wherever we go the Leyther Army will be cheering us on, I can't tell you how much that means to the players and staff.

Enjoy the game, Micky

OURTOWNOURCLUB

WELCOME TO TODAY'S VISITORS

Mark Aston

Mark Aston and Mitch Stringer 2013 grand final at LSV

Sheffield Eagles visit LSV this afternoon for a Round 13 fixture in the Betfred Championship in third place, two points and two places above Leigh Centurions with a game in hand.

Mark Aston's side have won eight league games so far with Ryan Millar and Anthony Thackeray already among the leading try-scorers in the competition.

Eagles enjoyed a great Easter with wins over Toulouse and Rochdale but went down 24-32 to Halifax in a thriller at Olympic Legacy Park last Sunday.

In an era where some clubs change their coaches as regularly as some people change their socks, Mark Aston's longevity is remarkable. In 2016 he celebrated a milestone when he was at the helm against Swinton, the Eagles' 500th game since their re-launch in 1999. Three years on he's still going strong assisted by the former Eagles international centre Keith Senior.

During that time Aston has overseen promotion and two Championship Grand Final wins, including a famous 2013 grand final victory over Batley at LSV as well as a host of other notable achievements.

Looking back on that landmark win at Chorley back in 1999, when the re-born Eagles somehow scrambled a team together, Aston said: "I remember plenty about that because I lost my two front teeth!

"I'd had 15 years as a professional and it never happened, and then in the first game for the new club it did. It was

between Christmas and New Year and I had to go to the emergency dentist to put them back in. We'd only had three weeks to get a team together, and when we got to Chorley there was a problem with the kit and we had to play in their away shirts. But we won that first game – and who would have thought that was possible?

"There are plenty of fond memories, and from there to where we are now has been a remarkable journey. There have been some dark days as well, but bit by bit we've developed the club over the years. We got to our first Grand Final and lost to Keighley and a dubious try, and then the likes of Jordan James and Andy Raleigh left and we had to rebuild again.

"We got to the 2006 Grand Final where we beat Swinton, and then there's been the progression that saw us become back-to-back champions in the Championship. I don't tend to look back much; I'd rather keep looking forward and you forget how many matches you accumulate. Sheffield Eagles has always been a big part of my life, and when we set off on this journey we had nothing. I'm immensely proud of the achievements of the club during that time, and it's not only me – it's guys like Ian Swire, John Whaling, Ian Annis and Chris Noble, who have been there from day one as well."

Reflecting on his notable 500-game landmark in 2016 Aston had one major regret.

"The only downside is that we've come full circle in one way," he said. "We built up our development system to the extent where we have players in the first-team

now that have come through our scholarship. Now we find ourselves back with just the first team due to the decision not to grant us a tier-two Academy side. You never think you will lose teams once you set them up and that's been heart-breaking. But it won't stop me starting it all up again, even if it has to be under some disguise, because that's what I'm in this for."

Last season Eagles trailed in eighth in the Championship before the split with seven wins in 23 games and finished sixth in the Shield. No player reached double figures in the try-scoring and their season tailed away with five successive defeats.

Aston's response was to oversee a big change in the Eagles playing staff over the winter as he brought in Aaron Brown, Josh Guzdek and James Glover (Dewsbury), Pat Walker, Jason Crookes, Joel Farrell and James Davey (Batley), Rory Dixon (York), Sonny Esslemont, Louis Sheriff and Lewis Taylor (Hemel), Anthony Thackeray and Brad Knowles (Featherstone) and Ben Pointer (Newcastle).

They have also recently linked up with London Broncos in a dual registration partnership that saw ex-Leigh forward Nathan Mason feature in the Eagles line-up.

Eagles bagged 96 points over Easter, but it was the defensive side of their game that impressed Aston the most. He said: "We have scored nearly 100 points over the Easter period, which takes some doing, but defensively our attitude has been spot on."

Last Sunday the Eagles suffered their first home defeat in the league this season after going down to a narrow 32-24 loss against Halifax at the OLP. Aston's side couldn't match the high standards set in recent outings against Toulouse and Rochdale, as Fax, eager to prove a point after coach Richard Marshall departed the day before, held their nerve for a notable win.

The Eagles side on duty was:

Guzdek; Millar, Glover, Dixon, Blackmore; Walker, Thackeray; Moran, G. Burns, James; Farrell, Davies; Brown. Interchange: Esslemont, Knowles, Mason, Davey.

OURTOWNOURCLUB

COLLS KEEP RISING

MATT LAWTON CHARTS THE REMARKABLE RISE OF ATHERTON COLLIERIES FC, TODAY'S SPECIAL GUESTS

The rise and rise of Atherton Collieries. Having recently clinched top spot in the Evo-Stik League Division One West, a third title win in five seasons, the black and whites now lie just two divisions away from the Football League.

Unimaginable from the days a decade or more ago that a couple of mates and I would jump on to the 582 to downtown Athy for the odd North West Counties Division Two game. Revitalised on and off the field in recent years, where to begin for the 'current' Colls?

2013/14 had seen Colls finish fifth in North West Counties League Division One, with Alder House attendances dipping as low as 40. In the summer of 2014, in walked Micheal Clegg as the club's new manager. Optimism suddenly filled the air. The league title was clinched in season one, yet there was almost an air of disappointment after losing the League Cup Final to Northern Premier League-bound and serial Wembley FA Vase

visitors Glossop North End. An immediate standard for the club to aim for on and off the field.

Season two saw the black and whites keep pace with the Premier Division pacesetters right up until the final couple of weeks of the season before eventually finishing third, although there was still glory to be enjoyed after a thumping 5-1 League Cup Final triumph over champions Colne at Fleetwood Town. In a campaign full of attacking fervour, Colls hit the net an incredible 113 times in league games alone, with striker Mark Battersby central to that success, hitting the 100-goal mark by August 2016 in just 96 appearances. Batts was unfortunately forced to put his footballing career on hold after being struck by illness but is in regular contact with fans and team mates alike and still hopes to resume his career in the future.

The club's centenary year in 2016/17 may have seen the road to Wembley slip away in heart-breaking fashion with a last 16 FA Vase defeat to Cleethorpes Town,

but there was to be no end of season disappointment with silverware once again in the cabinet by virtue of the Premier Division title, secured after a remarkable 100 point, 103 goal season.

Consolidation was largely the name of the game in 2017/18 with the first half of the club's Northern Premier League Division One debut campaign being something of a struggle, but an incredible turn of form in New Year culminated in a late-season charge for the play offs and an historic NPL Challenge Cup Final victory over Coalville Town, joining the likes of Burton Albion, Wigan Athletic and Accrington Stanley in being engraved on the 50-year old trophy.

There's nothing like a bit of silverware to whet the appetite, and in perfect symmetry to the NWCFL League Cup final defeat to Glossop North End in 'season one', 'season five' began in perfect fashion with two Ben Hardcastle goals securing a 2-0 win at Glossop. Hardcastle, one of several players,

LEYTHERS

including the aforementioned Mark Battersby, who has been alongside Clegg throughout the club's journey, would prove to be a real star of the season, scoring four goals in September's 9-1 win at home to Skelmersdale as Colls would go on to score a remarkable 89 league goals in just 38 outings.

That victory over Skelmersdale merely set the tone for the goalscoring form over the season, with several high scores clocked up during the season including a 4-1 win over Prescot Cables, 6-2 over Mossley and a six goal haul for Tom Benthall being the highlight of eight goals without reply against Kendal Town, while the famous Colls fighting spirit shone through in September as a 3-1 deficit away to Clitheroe was turned on its head with two late goals sealing a 5-3 win.

A home defeat to title rivals Radcliffe, managed by ex-Premier League players Jon Macken and Frank Sinclair, no less, might have set nerves jangling elsewhere, but instead it merely focused minds as it was followed by four consecutive victories – and a positive increase of ten goals to the goal difference, just in case – to put top spot firmly in sights, and with just one goal conceded in the final five outings, the defence took the lead of the famed attack to play in their part in crowning – yet another – a historic season.

Special mention must surely go to Gareth Peet. Forgiving brief sojourns to Ashton Athletic, Nelson and Skelmersdale United, this is a man who has seen it all in a Colls shirt, having made his first appearance in 2010. As recently as April 2014 he was on the scoresheet in an 8-6 defeat (as you do) away to Rochdale Town in front of 22 spectators.

Fast forward five years and the left-winger turned left-back, known throughout the league for his tricky dribbles that have tormented many a right back when attacking down the Skuna Stadium slope, scored the third goal in the 3-0 victory away to Skelmersdale in front of a near 200-strong away support that put the champagne on ice for securing the league title. A man who has mirrored Colls' on and off-field progress like no other, performing with incredible consistency and claiming four out of five 'Player of the Season' awards at the traditional end of season celebration.

Joining Peet, Hardcastle and Battersby, the likes of defender Matt Grimshaw, goal poacher-by-day-DJ by-night Jordan

OURTOWNOURCLUB

Cover, Josh Messer and Jake Kenny have all served the club admirably throughout their rise through the divisions, while James Kirby – 'the only Colls player to come from Congleton', as the song goes – enjoyed success with Colls in the North West Counties League and recently returned to play his part in this season's title success.

Andy Heald, a familiar name to many Leythers having previously played for Leigh RMI whilst also being a regular supporter and sponsor of the Centurions, has made a successful transition from on-field veteran to joining Clegg in the dugout, not withstanding the occasional threat to put his boots back on!

Elevation to the Northern Premier League has brought challenges and attention previously unheard of in the club's history, with Colls taking on heavyweights along the way with the likes of Scarborough Athletic and South Shields regularly drawing crowds that wouldn't look out place in the Betfred Championship, while

there are few clubs that can match the non-league pedigree of Hyde United or Leek Town.

Even the prospect of facing Premier Division opposition week-in, week-out next season is not one to face Clegg and his squad, with higher division Hednesford Town and Coalville both dispatched in comfortable fashion last season en route to securing the NPL Challenge Cup.

Not unlike John Duffy's Centurions, there is an emphasis on a close-knit squad of local players, retaining a bond with the supporters and the countless hard-working volunteers – many Leigh supporters amongst them – who are the real heroes of this rise and rise of Atherton Collieries.

With the likes of FC United of Manchester, Lancaster City, Witton Albion and Stafford Rangers heading to the Skuna next season and a reunion with Scarborough, who knows what could follow?!

Up The Colls.

LEIGH COMMUNITY TRUST A BUCKET LIST AFTERNOON

We spent a wonderful afternoon down at Wigan and Leigh Hospice last week, creating some wonderful experiences for the Oak centre patients using our Virtual reality headsets. We had Swimming with dolphins, walking with dinosaurs, walking the coast of Cornwall, watching the northern lights and swimming the barrier reef.

Yes, you read that right.....

There are lots of wonderful possibilities where this technology is concerned we have been delivering our 'Life through a Lens' programme over the last 12 months to veterans who are isolated in the Wigan borough. The programme was funded by the Royal British Legion.

When Leigh Community Trust was invited down to Wigan and Leigh hospice we jumped at the chance, the charity provides care free of charge to over 1000 patients with a life limiting illness every year. If our project can give an individual just a moment of respite and escapism or go a little way to ticking off a bucket list experience then it was all worth it. And judging by the reactions I think we achieved that, there was laughing, screaming (just at the dinosaurs), amazement, awe and surprise.

We had an amazing afternoon, thanks for inviting us down.

For more information regarding our Life through A Lens programme contact Dave on 01942 487 847 or Dave@leighcommunitytrust.co.uk

LEIGH COMMUNITY TRUST WEDNESDAYS ARE THE NEW WEEKENDS

In January 2019 Leigh Community Trust launched its 'Different Route' programme funded by Wigan Council and Wigan CCG to provide diversionary activities for men in the borough with long-term injury or illness.

With over 40 referrals so far Wednesday mornings will never be the same, from intense chess matches, jigsaws, Virtual reality, darts and dominoes, Jenga, Karaoke and Table Tennis to name a few. There is something for everyone!!

The sessions are also used as an opportunity to talk over tea and coffee to reduce isolation and provide diversionary activities.

You can be referred into A Different Route by your local GP or via self-referral.

Sessions are held on a Wednesday 10-12pm at LSV stadium and due to increasing numbers there will be more sessions added so watch this space or visit our website www.Leighcommunitytrust.co.uk

If you are unsure about attending and would like more information you can contact Steve Marden on 01942487847 or email him on Steve@leighcommunitytrust.co.uk and he will be more than happy to talk to you. We have had great success so far with the programme working together with the local council and the CCG via social prescribing to help take the strain off local authorities and for third sector organisations to take a real proactive approach in helping the local community. We are well on the way to achieving this with A Different Route.

LISA

THE LEIGH INDEPENDENT SUPPORTERS ASSOCIATION

Well that's been a very hectic few weeks of rugby league. Four games in three weeks. Starting with that incredible, spirited performance away at Hull KR in the Challenge cup and ending with last weekend's win away at Mount Pleasant. Hopefully you all enjoyed your rugby.

Unfortunately, some of our lads have come out of it worse for wear having picked up a few injuries, some of which might be serious. We've got a small squad this year and not much money to buy new players. Every Leigh fan who joins LISA helps to fund our team. Every penny raised by LISA is spent on our playing squad. The more of you who join LISA and the more you donate the bigger squad we will have and the less impacted we will be by injuries.

We take on Sheffield Eagles again today, a team which has been flying high in the Championship.

We gave a good account of ourselves at Sheffield in the Challenge Cup and will hopefully do likewise again today. We've played most teams now and played well against everyone. We've got a good team this year, all playing for each other and fully committed to the club. Our Saints dual code players have also shown great commitment. So come on Leythers, lets do likewise and support our lads home and away.

Coming up soon though we've got even more rugby league! The Championship's big weekend out in Blackpool.

There's been some great games and some good laughs at the Summer Bash over the years and this year should be the same. As always LISA are running coaches to Blackpool. We're running coaches leaving at half past ten in the morning so you can watch a full day of great rugby and soak up the

atmosphere, or go and spend the day out in Blackpool, whatever floats your boat. We're also running coaches leaving at quarter past three to get there just for the climax of the whole event, our re-match with Widnes. Tickets for both are on sale from The Market Stall during the week or in the Legends Bar at today's game. Tickets cost £10.50 for LISA members, £12 for non-members for the all day coach and £9.50 for LISA members, £11 for non-members.

We've had a few competitions recently for our LISA members, members have won wristbands to after match presentations.

We've got our on-going LISA man of the match vote every game where LISA

members don't just get to have their say they also stand the chance to win tickets to the end of season awards and the chance to present the LISA Player of the Season award themselves. Keep an eye out after games on the LISA Facebook and Twitter pages to see the links to vote.

So, as always if you're not a member you're missing out, join up and be in with a chance to win in the future.

Sign up online, see the links on our @Leigh_ISA Twitter or /LeighISA Facebook page or pick up a membership form when you're buying your coach tickets from the Legends Bar or The Market Stall.

Today is your last chance to win tickets to the shirt launch by joining LISA. The more money we raise the more our club can spend on the squad & the more players we can see in a Leigh shirt.
